PROFESSIONAL SUMMARY

Frontend and integrations engineer with 8+ years building client-facing web experiences and owning REST API integrations end-to-end. At SalonCentric (L'Oréal), served as the technical integration lead for a marketplace platform - onboarding 9+ third-party sellers across Shopify, Magento, and custom APIs, writing integration docs, and acting as sole technical support contact during a senior engineer's leave. Strong in JavaScript, TypeScript, Node.js, and REST API connectivity. Shipped three AI-native applications using Claude Code and OpenAI APIs. Looking to bring integration depth and client-facing technical ownership to a fast-moving AI platform team.

[Live on Chrome Web Store](#)

Built and published a Chrome extension that adds a private notes panel to any LinkedIn profile - integrating with Supabase backend for persistent storage, using Chrome Extension APIs for seamless in-page injection. Led product vision end-to-end and shipped the full codebase using Claude Code as AI coding agent.

React · TypeScript · Supabase · Chrome Extension APIs · JavaScript · CSS
