PROFESSIONAL SUMMARY

Frontend engineer with 8+ years building user-facing interfaces and running A/B experiments that move real metrics. At SalonCentric (L'Oreal), ran experimentation workflows in Optimizely that produced a 20% conversion rate increase and 124% user engagement lift. I sit at the intersection of frontend craft and growth experimentation -- the exact combination Mixpanel's Top of Funnel Pod is hiring for. Ship fast, measure everything, iterate.
